**Subject:** Gatehouse of Fleet: Invitation to tender for community hydro pre-feasibility  
**Date:** 20 February 2013 14:57:31 GMT  
**To:** [info@interhydrotechnology.com](mailto:info@interhydrotechnology.com)

Dear Sir or Madam,

On behalf of Gatehouse Development Initiative, I'd like to invite you to tender to undertake a pre-feasibility study on two sites with hydro potential within the Fleet Valley, Dumfries and Galloway. The tender brief is attached.

Please note that we are working to very tight timescales due to grant funding restrictions. The deadline for receipt of tenders is next Thursday, 28th February and the work will require to be completed and invoiced for by 31st March.

We understand if its not possible for you to meet these timescales but would be grateful if you could advise either way, so that we can anticipate the likely response.

Please don't hesitate to contact me if you'd like further background information. An email is preferred in the first instance, as this is a voluntary project and it is sometimes difficult for me to respond while at work.

Yours Sincerely

Cara Gillespie

On behalf of the Gatehouse Community Hydro working group, Gatehouse Development Initiative
